Summary

Since I was young, no one understood me because of my illness, and since I heard about computers and programming, I have been keen to learn to program because I feel like I am talking to someone who I understand and understands me. And because programming enables me to solve all my problems.

Experience

Student

Egyptian E-Learning University EELU

Aug 2020 - Present (1 year 1 month +)

Education

Egyptian E-Learning University EELU

Student, IT

Oct 2020 - Jan 2024
